**The provider directory
for training, skills
and qualifications
2022/2023**

We work with schools, colleges and employers to help every young person to take their best next step.

- Training and supporting staff in secondary schools and colleges
- Helping businesses to engage with their future workforce
- Sharing practical tools and resources

Careers Education is:

- Meeting employers, colleges and providers on a regular basis
- An education that links to relevant jobs and skills
- 1:1 support with a qualified careers adviser

THE CAREERS & ENTERPRISE COMPANY

Which way? Your way!

Welcome to the first edition of **Which Way? Your Way! the Cornwall Training Provider Directory 2022-23.**

Brought to you by Devon and Cornwall Training Providers Network (DCTPN), in partnership with Cornwall County Council, this Directory will help you learn about the options that are open to you.

Working with training providers across the south west, and key organisations within the post-16 education, training and skills space we raise awareness of the opportunities available to young people and adults. Our Providers support literally thousands of people into Apprenticeships, further and higher education each year.

For many young people, thinking about which way to go next can be a confusing time. This Directory will provide you with clear information, giving you the opportunity to consider the best route for YOU!

Sharron Robbie MBE
Managing Director
DCTPN

The Directory aims to:

- 1** Support young people and adults in Cornwall with information on the different career progression opportunities available to them.
- 2** Provide information on the wide range of opportunities that are available.
- 3** Provide information on the organisations in Cornwall who manage and deliver post-16 education, training and skills, and the best person for you to contact.

To provide the information, the Directory has two sections

- 1** A section explaining the many different career progression options covered by this directory available to the reader.
- 2** A summary of the organisations who provide the opportunities, what they offer, where and how to contact them.

What are your options?

The options shared in this Directory offer information for everybody, whatever you want to do and whatever your starting point.

There are a variety of progression pathways you can take to build your career. Different pathways suit different people due to your location, and the content or style of a course. What is great is that you can choose the best route to achieve your goals. An example of this is that you can take A-Levels and progress to University to get a degree, you can also gain a degree in some occupations as there are now a range of degree level Apprenticeships available - working, being paid and learning.

Apprenticeships

An apprenticeship is a real job, with a real employer, where the apprentice will work full-time whilst learning new skills and knowledge towards the apprenticeship standard.

Apprenticeship benefits

Apprenticeships are an exciting paid option for anyone wanting to gain experience, upskill or change career because they offer the chance to earn a wage whilst they work and study.

A-Levels

Short for Advanced Level, A-Levels come after GCSEs. They usually focus on academic subjects, compared to vocational qualifications like BTECs and NVQs, which are more practical. There are more than 40 different A-level subjects on offer – some will be subjects that you studied at GCSE and others maybe new.

How to use this directory

Please be aware that listing all of the Apprenticeships or courses available is not possible in this directory, there are so many of them.

The titles used in the provider pages offer an idea of the sector areas supported, for example *Health and Science* includes all Health-related Apprenticeships including Health & Social Care, Nursing, Midwife, Pharmacist, Clinical Assistant and many more. Contact the provider or college for more information.

There are more than

600

Apprenticeship Standards available and a large number of A-Levels, Vocational Courses and Adult & Community Education courses.

Accountancy Learning

We are a multi award-winning AAT provider of apprenticeship and distance learning training for the accountancy profession.

Looking to start your Accounting career? We offer a wide range of training (Level 2 - Level 7) to help you kick start your accounting career by matching you to an employer and actively providing flexible training and support throughout your AAT course.

SKILLS HUB

Make Your Business Better

Staff development has the power to boost efficiency and make your people shine.

We can help you nurture your talent and make your business thrive.

The independent and impartial team at the Cornwall and Isles of Scilly Skills Hub are your resident skills experts.

During a Skills Review we'll get beneath the skin of your business to uncover the skills you need, spotting the things that you might not see for yourself.

Amanda Winwood Made for Life Organics

“We would have invested quite a bit of time in training but being able to instantly access courses that were readily available and suited our needs has been invaluable. Having an affiliation with the Skills Hub fast tracked us to get moving.”

Oliver Huddleston Oliver James Gardens

“The contact I've had with the Skills Hub has been beneficial for me and the business, and it has taken a weight off my mind. It has been a real help as I've been recommended training that I'd never have been able to find myself.”
