Praise Letter

Dear Parent/Carer

I am writing to praise your child's effort and hard work across Year 11. They have shown an impressive level of commitment to their studies, and this will stand them in good stead across the final summer examinations in 2026. We are very proud of their consistent effort in lessons and wanted to congratulate them.

Recent feedback from subject teachers has highlighted how hard your child is working during lessons. However, they must not become complacent and must continue to work hard, stay focused and ensure that revision and study are sustained right up to the end examinations. This period of time is only 11 weeks, but it will be so worth it come the end!

So, keep the revision and hard work going both at school and home from here onwards. The mantra for the year group is: **No one across the region works harder than us!** Your child epitomises this.

Well done, they are a credit to themselves and their family. Let them know this; keep it up and believe in yourself!

Yours sincerely

Mr P Boyes
