20 November 2024

Dear Parent/Carer

Ofsted inspection feedback

Further to our Ofsted visit on the 22 and 23 October 2024 the report is now available on the Ofsted website. As the inspection was an ungraded inspection the school remains rated as Good.

We are pleased that the school is recognised for its support for pupils' wellbeing and that behaviour is improved within the school with our higher expectations of conduct including uniform and punctuality. Safeguarding arrangements, which are clearly crucial, were judged to be effective.

Punctuality was recognised as being much improved and the start to each day is calm and orderly. Ofsted believe that the school has made appropriate decisions to improve the quality of education for pupils.

The visit recognises the great deal of change that has taken place and that decisions have been made in the best interests of children however there are three key areas of us to improve as a school. These are:

- 1) Assessment and ensuring all pupils have completed their work or fully understood it before introducing new learning.
- 2) Following our drive to improve behaviour, improved communication with parents and carers to improve relationships and support positive engagement by pupils in their learning.
- 3) Building on our work to improve attendance, continue to improve the attendance of all pupils including particularly those with SEND.

We have begun our work to address these key areas and my priority is to ensure that the transition to the new Headteacher to continue this work is as smooth as possible.

The full report can be found on this link <https://files.ofsted.gov.uk/v1/file/50262104>.

Yours

Mr Scott Yalden
Headteacher
