4 June 2025

Dear Parent/Carer

Transition to Year 7

I am so pleased that you have chosen for your child to be joining Looe Community Academy and can confirm that a place has been secured in Year 7 for September 2025.

Transition from Year 6 to Year 7 is an important aspect of your child's educational journey and one that features prominently on our summer term academic calendar.

Our established plan for transition is:

- for members of our transition team to visit students in their primary schools and to have discussions with their current teachers;
- for the students to spend a transition day at the Academy to meet their tutors, teachers and classmates (scheduled for Tuesday 8 July);
- for parents/carers to attend an induction evening with their child (also on Tuesday 8 July).

In the meantime, it is important for us to build up a picture of each individual joining us in September, so we can start to think about which tutor group they could go into, the friends they would like to be with, their hobbies, interests and how they best learn. Please use the link below to access an 'All About Me' questionnaire

[All About Me](#)

Please can I ask that your child, with your help, completes this questionnaire, as it helps with allocating appropriate tutor groups and classes. Our preferred method for completion of this is online using the link above. If, however, you have any difficulties with this, please do let us know and we will provide a paper copy for you.

We would be grateful if you could complete the [application form](#) which is also available on our website.

The transition team will be touch in due course, but for now, should you have any questions about transition, please email the Pastoral Team on pastoralteam@looea.net

Please do visit our academy website which can be found at www.looea.net and go to Teaching and Learning and Year 6-7 Transition, from here you will be able to gain further information and resources to help you at home and support your child's transition to us.

We do not take our success for granted and appreciate we can only succeed through a positive partnering approach between us, you and your child to help them develop effective learning habits, a sense of pride and positive academic behaviours.

We are here for your child and can also support you, should you ever need it.

I look forward to meeting you and your child soon.

Yours sincerely

Mr Paul Boyes
Headteacher
